# My Horse

"The noblest conquest of man is to have gained the friendship of a horse."

Of all the animals, the horse is the one that has left the biggest mark on the history and progress of humankind. Today, domesticated by man, the horse features prominently in leisure and sport, agriculture and transport. Because UKAL cares deeply about the well-being of animals and breeders alike, this catalogue presents our selection of the very best products on the market, offering everything you need *to take care of your horses* throughout their lives.

*"The horse:  
man's other best friend!"*

## HORSE RIDING: A TRUE PASSION!

There is a strong and unique bond between a horse and its rider. An indescribable bond that unites them around a shared passion.

### Love your horse

To love your horse, you must first discover and understand its basic needs. It is essential to give your horse all the care and attention it needs to flourish.

### Understand your horse

To create this symbiotic relationship between rider and horse, it is vital to establish a shared language and understand your horse's behaviour so as to better meet its needs. By understanding its emotions, you can build a rapport and a friendship with your horse. Horse riding requires respect for and good communication with your horse.

### Get to grips with your horse

That means spending time taking care of your horse, training it and sharing special moments with it. Ethology is a vital part of equestrian pursuits. Be it for leisure or competition, you can forge a strong bond with your horse while training it, keeping respect and kindness as your watchwords at all times.

### Your horse's well-being

Ponies and horses are entirely dependent on their riders, so taking account of their needs has to be your top priority.

*"The secret  
to a close bond."*

# A Passion passed down through the generations

# For the horse

A range of essential products and treatments  
to strengthen the bond between horse and rider.

## CLIPPERS

To make sure your horse's coat is always immaculate, opt for quiet, lightweight clippers.

1.

### XPERIENCE 2-speed clipper

The XPERIENCE clipper is both powerful and light, and will meet all your horse and cattle clipping needs. Thanks to its unique ergonomic design, it ensures a perfect grip, making for fatigue-free working. The innovative connecting system between the cutting head and the reinforced body, coupled with a powerful motor, ensure a long life span. Light, sleek and silent, the XPERIENCE clipper will satisfy your quality, shape and precision needs.

100272001

① Power: 250W. Weight: 1,180g. Motor speed: 2,600 / 2,900rpm. Noise emission: 68dB(A). Supply voltage: 240V.

Comes with a 21/23-tooth comb set, screwdriver, cleaning brush and oil.

2.

### XPLOERER cordless clipper

The new XPLOERER battery-operated clipper is the latest in technological innovation. It is the perfect tool for shearing horses and cattle. It has a battery life of up to 2 hours and offers greater flexibility thanks to its cordless system. No unsettling air expulsion. No power loss due to the development of the dual-pinion drive. Strong and durable thanks to its fibreglass reinforcement. 2,600 mAh Li-Ion battery with no memory effect. Safety certifications: CE/Electrosuisse.

100264

② Weight: 990g. Motor speed: 2,450rpm. Noise emission: 65dB(A). Battery voltage: 10.8V lithium-ion.

Comes with a 21/23-tooth comb set, screwdriver, cleaning brush and oil.

3.

### PROGRESS clipper

Equipped with latest-generation electronic features, the new Progress clipper is now even more powerful and user-friendly. Thanks to its ultra-streamlined handle, its light weight and the very low running noise provided by its permanent-magnet motor, it is the best solution for shearing nervous horses. Easy to handle, and particularly well suited to women's hands. A clipper that combines modern design with excellent user comfort. The 13° cutting head angle, similar to the Heiniger Delta clipper, reduces fatigue during shearing. Though the smallest of the Heiniger clippers, it can be adapted with combs and cutters from the other clippers in the range.

100268

③ Power: 80W. Weight: 930g. Motor speed: 2,200rpm. Noise emission: 70dB(A). Comb set: 31/15 teeth.

Comes with: 31/15-tooth comb set, screwdriver, cleaning brush and oil.

4.

### SAPHIR cordless clipper

For small animals and veterinary care. High-performance battery using new lithium-ion technology, providing up to 90 minutes of shearing. Additional interchangeable battery with less than 60 minutes' charging time, so you can clip non-stop. The perfect clipper for partial clipping of cattle or styling. Comb set compatible with Andis, Moser, Oster and Wahl clippers. Practical, hard-wearing box.

154400

④ Power: 35W. Weight: 440g. Motor speed: 2,650rpm. Noise emission: 63dB(A). Dimensions: 204 x 50 x 41mm.

Comes with: comb set No. 10, 2 batteries, charging station, oil, cleaning brush and operating instructions.

COMES  
WITH  
2 BATTERIES

5.

Heiniger

### SAPHIR STYLE cordless trimming clipper

For small animals and veterinary care. Low-noise, powerful 35W permanent-magnet motor. High-performance lithium-ion battery for continuous clipping. Over 90 minutes of clipping with a charging time of under 60 minutes. High-quality charger with an additional charging dock for a second battery, plus a charging indicator. Wide selection of interchangeable cutting heads compatible with Andis, Moser, Oster and Wahl clippers.

#### 154405

Power: 35W. Weight: 440g. Motor speed: 2,650rpm. Noise emission: 63dB(A). Dimensions: 204 x 50 x 41mm.

Comes with: comb set No. 10, 2 batteries, charging station, oil, cleaning brush and operating instructions.

WITH  
CORD

6.

Heiniger

### SAPHIR CORD clipper (mains-powered)

For small animals and veterinary care. The latest technology, paired with a new design. A clipper with exceptional technical qualities, specifically developed for clipping small animals. Wide selection of interchangeable cutting heads. A powerful and innovative clipper that is rapidly becoming an essential working tool for any professional working with small animals.

#### 154410

Power: 35W. Weight: 330g. Motor speed: 3,200rpm. Noise emission: 63dB(A). Dimensions: 204 x 50 x 41mm. Mains-powered with 3 m power cable.

Comes with: comb set No. 10, oil, cleaning brush and operating instructions.

COMES  
WITH  
1 BATTERY

7.

Heiniger

### SAPHIR BASIC cordless trimming clipper

For small animals and veterinary care. High-performance cutting-edge battery (lithium-ion technology) allowing up to 90 minutes of clipping. This clipper is perfect for partial clipping of horses. Comb set compatible with Andis, Moser, Oster and Wahl clippers. Practical, hard-wearing box.

#### 154415

### OPAL cordless professional trimming clipper (2 speeds)

The new OPAL clipper is extremely quiet. It is also impressively powerful and equipped with two speed levels. With 3,100 double strokes per minute in fast mode (and 2,600 in slow mode), this clipper works smoothly and quickly even through dirty and thick fur and hair. The latest lithium-ion battery technology ensures 240 minutes of cordless clipping. It takes just one hour for a full battery recharge. Thanks to the built-in battery level indicator, it is always possible to check the remaining battery time. The OPAL has a cutting-edge ergonomic design and fits perfectly in the hand. Moreover, this clipper is particularly small and lightweight. Professionals can thus work effortlessly – whether for grooming, veterinary applications or dog, horse and cow styling.

#### 154420

Speed: 2,600 / 3,100db/min. Weight: 415g. Noise emission: 59dB(A).

Dimensions: 204 x 50 x 44mm. Comes with: comb set No. 10, battery, battery clip, mains power supply unit with interchangeable connector, charging station, oil, cleaning brush and operating instructions.

## COMB SET

For a high-precision cut, opt for comb sets that provide a high-quality finish!

Set of combs compatible with XPERIENCE, XPLOER and PROGRESS clippers

### Finishing comb set

Standard combs for a perfect finish. Hair length after clipping: 2-4mm.

**100240SET**

① 23- & 31-tooth

### Finishing comb set

Standard combs for a perfect finish. Hair length after clipping: 2-4mm.

**100243SET**

② 15- & 31-tooth

### Vet blade set

Combs for veterinary use. Hair length after clipping: 1mm.

**100241SET**

③ 23- & 53-tooth

Set of combs compatible with SAPHIR clippers

### Finishing clipper head

Standard clipper head for a perfect finish.

**100287**

④ Clipper head 10/1.5mm

### Vet clipper head

For veterinary use.

**100282**

⑤ Clipper head 50/0.2mm

## ACCESSORIES

### Special clipper oil

Biodegradable. Does not irritate the skin. Increases performance, reduces friction and reduces comb wear.

**100142105**

⑥ 100ml

**100142102**

500ml

### Envelope for sharpening

Envelope for sending 2 combs or 2 cutters or 1 comb set or 1 cutting head for sharpening.

**999AFFUTMAX**

⑦ Ready-to-post envelope

⑧

### Cooling spray

Cooling spray for clippers, combs and knives. Cools, lubricates and cleans. Improves clipping and keeps combs sharp. Avoids dirt build-up to optimise the performance of your clipper and ensure perfect hygiene. Also works with hair clippers, beard trimmers and electric razors. Clean the combs using a brush or an air duster, then apply the cooling spray.

**100143**

## MANE, COAT AND TAIL CARE

Treat your horses, and they'll pay you back in kind...

9.

10.

11.

### EQUINATURA hair tonic

Acts on dandruff, itching and friction. This highly effective tonic lotion rids the tail of dandruff, reduces itching and promotes the growth of long, healthy, beautiful hair, thanks to the caffeine, which stimulates hair growth from the root. The burdock root oil stops the spread of bacteria that cause eczema and dry patches. The tonic can also be used preventively to keep the scalp healthy.

130E715006

9 250ml

### EQUINATURA Shampoo silicone-free

For shiny and naturally groomed hair. Geranium oil nourishes skin and hair intensively.

130E715005

10 250ml

### EQUINATURA detangler

For instant detangling of the mane and tail. The natural lemon active ingredients give the hair a silky gloss, making it easy to brush the mane and tail.

FOR THE HORSE | MANE, COAT AND TAIL CARE

14.

15.

### EQUISTAR® spray for shiny coat, tail and mane

A revolutionary combined product to take care of your horses. It produces a coat which is as soft as silk and gives a long-lasting shine to the coat, tail and mane. The fine glossy coat lasts for at least 12 days, and tail and mane remain tangle-free for the same length of time. EQUISTAR is absolutely non-toxic, even for very sensitive horses. For the time during which it is effective, it is dust- and dirt-repellent and water-repellent, and prevents the formation of new clusters of flies' eggs. EQUISTAR makes it easy to brush off spots of urine, dirt or dung, with just a few brush strokes.

130E705706

14 750ml

### EQUINATURA SOS cooling gel

Fast, strong and long-lasting cooling, with camphor and menthol. Arnica and rosemary improve mobility, aloe vera and witch hazel have an intensely positive effect on the skin and on small wounds. The invigorating properties soothe both the horse's and the rider's strained muscles, tendons and joints for after riding.

130E715008

15 300ml

## INSECTS REPELLENT

For optimum comfort, get your horse a fly mask!

HIPPO  
TONIC

### HIPPOTONIC Fly spray

Very effective fly spray providing up to 8 hours of protection. Against botflies, midges, flies, and ticks. Highly concentrated, contains icaridin (Saltidin®), which is particularly gentle on the skin and tissues. Contains no essential oils or fragrance. Dermatologically tested. Free of colourings and preservatives. Spray uniformly over the entire surface of the coat. Avoid contact with the eyes and mucous membranes. Active substances: 20.6 g of icaridin per 100 g. Type of preparation: lotion/liquid repellent. Biocide: use with caution! Read the label and product information before using. Hazardous substance: follow the precautions for use.

130E707211  
500ml

### EQUINATURA Horsefly stop

Highly effective for many hours. The highly effective repellent, recommended by the WHO is supported by natural essential oils. Reliable protection against all mosquitoes, horseflies, flies and ticks. Particularly skin-friendly. Use biocidal products carefully. Always read the label and product information before use.

130E715003  
500ml

### EQUITHÈME "Confort" fly mask

Light but resistant fly mask providing total protection. Ears and cheeks made of mesh fabric for extra comfort. Edges lined with soft fleece. Synthetic sheepskin headpiece. Quick and easy to fit thanks to hook-and-loop tabs and a hole for the forelock. Composition: polyester/PVC.

6.

7.

### EQUINATURA hoof balm

Protection and care for your horse's hooves, with natural eucalyptus and bay oil. New recipe which liquefies when it comes into contact with the hoof, allowing the ingredients to seep deeply into the hoof capillaries. Regenerates brittle or crumbling horn and strengthens the hoof. Gives the hoof a lasting shine – cares for, nourishes and strengthens the horn. Remains malleable at temperatures from +2° to +40°, without melting. Recipe does not contain mineral oil.

130E715000  
6 12ml

### EQUINATURA hoof oil with brush

For healthy hooves. Pure avocado, jojoba, sesame and calendula oils nourish and care for the hooves, preserving their elasticity and health. The hoof oil stimulates the growth of the hooves, improves their structure, protects against rotting and gives them a lasting shine.

130E715001  
7 450ml

*“Recommended application procedure: Clean and brush the hooves. Once they are clean and dry, apply the ointment to the top and bottom of the foot using a brush.”*

### HIPPOTONIC hoof ointment

Made of Vaseline and real bay oil. For hoof care and protection. Prevents drying out and excessive softening. Makes the hoof supple and stronger. Contains high-quality oils, bay oil, bay leaf oil and lanolin.

11 Coconut flavour - 1kg

### HIPPOTONIC Himalayan salt block

A totally natural salt lick, extracted from Himalayan rocks. Very pure and with a specific and highly palatable taste, the Himalayan salt block is rich in minerals and trace elements, and gives your horse vitality and well being. This block is very solid as it is made from a single piece of rock. It does not break or dissolve when in contact with moisture like compressed salt blocks do, so it may be used in pastures. The salt block is pierced and may be placed in a manger, on a salt block holder or fixed anywhere with the supplied rope. Composition: sodium chloride 98.62%, magnesium 0.40%, calcium 0.11%, sulphates 0.10%, iron 0.001%, moisture content 0.03%, non-soluble residue 0.73%.

130E714010

12 3kg, box of 6

## LEATHER CARE

Look after your leather goods with specially designed care products.

13.

14.

15.

### HIPPOTONIC leather soap

A glycerine-based soap to clean, maintain and grease leather saddles and bridlery. With sponge. Regulation (EC) No. 648/2004. Composition: at least 5% but less than 15% soap; scents, limonene, benzyl alcohol, benzyl benzoate, benzisothiazolinone, sodium pyrrithione.

130E707010

13 250ml

### EFFAX® glycerine soap

Cleans all smooth leathers quickly, gently and deeply. Gets rid of stubborn dirt, dust residue and sweat with ease. The active ingredients penetrate deep into the leather and soften it. Cares for leather and gives it a fresh shine. Treat with EFFAX® leather balm (Ref. 700 250) or EFFAX® leather oil (Ref. 700 263) afterwards if the leather is dry and under great strain.

130E700218

14 300ml

### HIPPOTONIC leather balm

Made from beeswax, it nourishes the leather and makes it waterproof, soft, supple and durable. Contains essential leather nourishing products. Contains high-quality oils, Vaseline, beeswax, scent. Colourless.

130E707040

15 500ml

## LEATHER CARE

Look after your leather goods with specially designed care products.

*"Recommended usage procedure: clean and dry the leather, then apply a thin coat of the leather balm with a rag or brush. Reapply several times."*

1.

### EFFAX® leather balm

Deep nourishment, care and protection for your leather, without damaging the seams. The leather remains supple and tear-resistant. Contains lanolin, avocado oil and beeswax for reliable, long-lasting leather. The beeswax has water-repellent qualities and makes the leather shine. Suitable for all smooth leathers. Colourless.

### FarmCam HD

LUDA FARM

HD wireless farm surveillance camera system with a range of up to 1,250 m. Easy-to-install professional camera with instant interference-free, high-quality, high-definition video transmission. View the videos directly on your TV or computer. Connect to the internet and watch the video on your smartphone or tablet with the FarmCam HD app. Check in on your animals from the cab of your harvester, and record movement around your parked machines or your tractor from your breakfast table. Connect up to 4 cameras, view and zoom on your screen, or watch all 4 cameras at the same time in split-screen view. Equipped with night vision, FarmCam's HD screen monitors your farm day and night. The camera features motion-detection, records both video and sound, and can send notifications and alarms directly to your smartphone or PC if it detects movement outside your working hours. Rugged design, built to last, water-resistant, and comes with a 3-year warranty. **The complete video monitoring solution for farmers.** Real-time images on the screen of your TV, PC or smartphone\* (\*Internet connection required), range of up to 1,250 m, wireless configuration, no Internet connection needed, alarms, night vision, recording, full HD 1,920 x 1,080. Just connect and you're ready to go!

#### Kit includes:

- 1 FarmCam HD camera (full HD 1,080- IP66) with: long-range antenna with wall mount and screws, 9m antenna coaxial cable, 12V adapter (IP44) and 18m adapter cable
- 1 video box (NVR) for FarmCam HD with: 500GB internal hard drive (HDD), 2m HDMI cable for TV or PC, 12V indoor power adapter, USB mouse, 2m router cable (Ethernet), long-range antenna with wall mount and screws
- Extras: 3 Indoor antennas for short range, 9m extra antenna coaxial cable extender, 2 "Video surveillance 24/7" stickers

## LUDA FARM

**MachineCam Mobility HD**

Now with a larger, better-quality screen, MachineCam Mobility HD is the camera system that supports you throughout your workday. Like the smartphone in your pocket, MachineCam Mobility HD is truly mobile technology. Now you can have a single camera system per operator, instead of multiple cameras on different machines. Both camera and battery attach to your machine with strong magnets. You don't have to worry about the camera system moving or falling off, and moving your camera system between machines takes just a few seconds. MachineCam Mobility HD comes in a rugged hardcase that makes carrying it easy.

**Kit includes:**

- 1 camera
- 7" monitor with HD screen + 1 monitor mount
- USB charging cable + 12 V CIG adapter
- 1 camera power cable
- 1 PowerBank 8700 battery + 1 charger

The PowerBank will keep your camera system running for 15 hours after 4 hours' charging. At the end of the day, just plug in and charge the PowerBank straight through the hardcase. MachineCam Mobility HD transmits clear, high-quality video wirelessly without interference. The camera and battery are water-resistant and IP69K-rated. 3-year warranty\* (\*subject to registration of the product on the Luda.Farm website).

**LUD1096**

5 MachineCam Mobility HD

5.

## LUDA FARM

**TrailerCam HD**

TrailerCam HD is a camera system that allows you to easily monitor your horse during transport, while you are driving. It's easy to set up the monitor and get started with your camera. In a few minutes, you'll have a wireless system that gives you a sharp and clear image (in HD quality) from inside the trailer. 3-year warranty. TrailerCam HD has night vision and gives you high-resolution images even if you are driving when it is dark outside, which makes the camera perfect for longer journeys as well as shorter ones. The wide-angle function allows you to easily see the entire trailer and if you want, you can buy an extra camera to see behind the trailer when reversing.

**Camera specially designed for horse boxes: keep an eye on your horses while on the road!**

- Easy to use.
- High-quality video.
- Wide-angle lens - see the whole trailer.
- Wireless that works.
- 5-inch HD screen.
- Instant, interference-free digital video transmission.
- 10 m night vision.
- Rugged, water-resistant design (IP69K).
- 3-year warranty\* (\*when you register on the LUDA website).

**Kit includes:**

- 1 camera
- 5" monitor and 1 monitor holder
- Direct power cable and 12 V power cable
- 1 installation kit (for camera)

LUDA FARM

## FarmCam IP2

FarmCam IP2 is the first smart camera designed to work with the My.Luda.Farm platform. Delivering stunning HD video wirelessly to your phone, tablet, or computer, FarmCam IP2 packs an impressive range of features. With a rugged, water-resistant design, motion detection and night vision, FarmCam IP2 is made for life on a farm. Create and assign tasks on Luda.ToDo based on live images or video recordings. FarmCamIP2 can send alarms and notifications to the farmer, co-workers, and neighbours when it spots suspicious movement outside of normal working hours. Key benefits of FarmCam IP2:

- Watch live or recorded video in the My.Luda.Farm app on your phone, tablet, or computer.
- Connects through WiFi and installation takes just 10 minutes.
- Motion detection alarms sent to farmer, co-workers, or neighbours.
- Rugged, water-resistant design (IP66) and a 3-year warranty with online registration on the LUDA website.
- Automatically receive Luda.ToDo tasks in response to alarms, or plan and assign tasks in response to events.
- The safety of knowing that your cameras are watching your farm 24/7.
- FullHD 1,920 pixels.

## HAY RACKS

1.

### Plastic salt lick holder

Helps to avoid waste and pollution of mineral supplements by animal dung. Prevents corrosion of mangers, hay racks and feed fences. Helps to control animals' salt consumption. For round and square lickstones weighing up to 10kg. Sturdy plastic design. UV-resistant.

**119300004**

1 Brown - Max. lickstone weight: 10kg

**119300006**

Blue - Max. lickstone weight: 10kg

**119300008**

Green - Max. lickstone weight: 10kg

**119300021**

Purple - Max. lickstone weight: 10kg

2.

### Rectangular salt lick holder

For 2kg lickstones. UV-resistant.

**119300204**

2 Brown - Max. lickstone weight: 2kg

## BROOMS

9.

10.

### Pavement broom

Also known as "the Paris broom". For sweeping of wet leaves, straw and other light waste. Shaft not included. Assorted colours.

**129312001**

9 Shaft not included

### Rice straw broom 30cm

Shaft length: 94cm. Shaft: Ø 90mm. 5 wires. Broom width: 30cm.

**129312003**

10 30cm

## FORKS

All the essentials for cleaning your stable!

11.

12.

### Hay fork, 4-pronged

4-pronged manure fork with galvanised ferrule and shaft. 135cm ash handle. Corrosion protection thanks to lacquering.

**129480300**

11 Prong length: 31cm, gold-lacquered

**129480600**

12 Prong length: 31cm, silver-lacquered

### Hay fork, 3-pronged

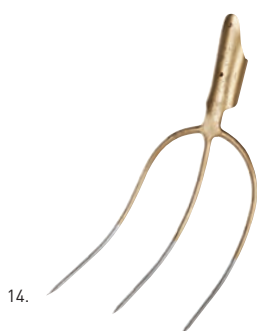

3-pronged hay fork with galvanised ferrule and shaft. 135cm ash handle. Corrosion protection thanks to lacquering.

**129480400**

13 Prong length: 30cm, gold-lacquered

**129480500**

Prong length: 26cm, silver-lacquered

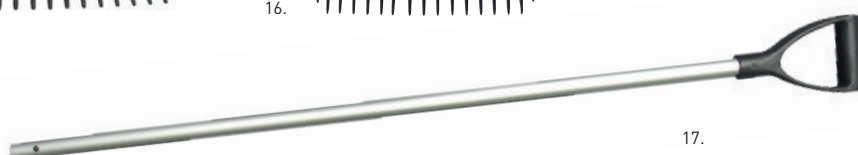

14.

15.

16.

17.

### Fork with spring socket

Shaft not included. 1/2 gold and 1/2 silver-lacquered. Suitable shafts: 129007008 and 129007010.

**129480510**

14 26 x 20cm - 3-pronged

**129480610**

28 x 22cm - 4-pronged

**129480620**

36 x 34cm - 6-pronged

### Polycarbonate shaving fork

Sturdy polycarbonate. Lateral prongs are raised. Fork width: approx. 42cm. Shaft not included. Compatible shaft: 129480201.

**129480200**

15 19 prongs - Prong length: 30cm approx.

### Polycarbonate shaving fork with extra-high side parts

No lateral falling of muck due to high sides. Quicker cleaning than with a flat fork due to greater volume. Sturdy plastic. Fork width: approx. 40cm. Shaft not included. Compatible shaft: 129480201.

**129480202**

16 17 prongs - Prong length: 35cm approx.

### Aluminium shaft for hay fork

Aluminium shaft with handle. For fork references 129480200 and 129480202.

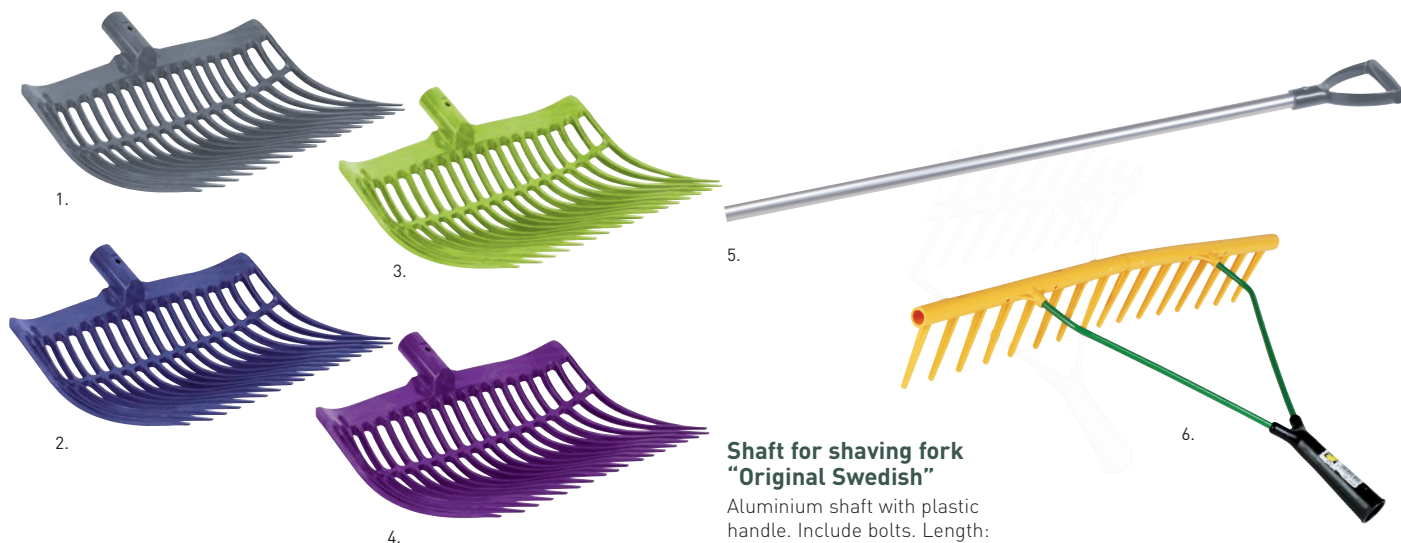

**129480201**

17 L 123cm

## FORKS & RAKES

All the essentials for cleaning your paddocks.

### "Original Swedish" shaving fork

Extremely durable, flexible, virtually unbreakable plastic with a high polycarbonate content. Extra corner prongs for easy gathering of shavings and manure. 18 prongs. Fork width: approx. 40cm. Shaft not included.

## ACCESSORIES

1.

**Digital thermometer (extra-long probe with handle)**

Extra-long fixed probe. Stainless steel probe. -50°C to +200°C. Resolution: 0.1°. Does not measure humidity.

**129021560****1** Height: 145cm

2.

**Multifunction flashlight**

Customised lighting with 3 lighting levels: low, high and work light. Long battery life: about 5-8 hours of main light, 4 hours of working light. Convenient: easy USB charging and portable. Easily transportable thanks to its ergonomic handle.

Use sunlight to charge the lamp. The red LED on the back of the torch will light up to indicate that the torch is charging. Charging time will depend on the strength of the sunlight. The LED will turn green when the torch is fully charged. Power: 3W. USB charger included. Warranty: 1 year.

**126110****2** Small model

3.

**Multifunction flashlight**

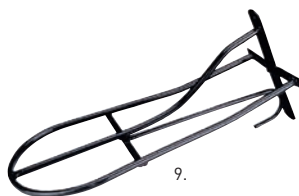

The multifunction accessory to have around the home! Long battery life: 15 hours approx. Customised lighting with 4 lighting levels: low, high, flashing and work light. Convenient: easy USB charging and portable. Easily transportable thanks to its ergonomic handle. Dual-beam LED flashlight with flexible housing. 10W high-power LED. Comes with mains charger and belt. Warranty: 1 year.

**126120****3** Large model

4.

7.

9.

11.

5.

8.

10.

**Grip folding stool**

Stool with anti-slip rubber pimples. Easy to carry thanks to its integrated handle, and can be easily stored away behind a cabinet or inside your locker. Features anti-slip rubber legs. Can hold weights of up to 100kg. Dimensions: L 28.5 x W 21.5 x H 39cm. Compliant with EN 14183:2003 safety standards.

**130E930251****6** Grey**Removable bridle brackets**

For outdoor or indoor use. Made of sturdy plastic-coated metal, with one or two fixed bridle brackets and one multi-purpose hook.

**130E704226002****10** Black

6.

**Harvest basket**

Welded mesh. Wooden handles. An essential multipurpose tool.

**300015****4** 15L**Special adhesive tape for film**

For repairing damaged films (e.g. round bales, square bales). Extremely high adhesive power. Highly UV-resistant. Useful also on wet films. 10cm wide and 10m long.

**129280008****5** Green**Bridle bracket (plastic-coated)**

Full headpiece support.

**130E704204002****7** Black**Fixed bridle bracket**

Traditional bridle bracket, ideal for your tack.

**130E704200002****8** Black**HIPPOTONIC Vinyl coated saddle rack**

Standard type saddle rack. Ideal for your tack room.

**130E704220002****9** Black**Tack trolley**

Can be dismantled to put in the car. Carry all your equipment easily from the tack room to the stable or during a competition. Can carry a grooming box (Ref. 700 004). Comes ready to assemble.

**130E704229****11** Black**Jump cup**

Made of extra-strong ABS plastic with quick coupling. Compatible with item 704 601 005: jump cups holder. Sold individually.

**130E704600005****12** Beige

12.

13.

**Jump cups holder**

Made of extra-strong ABS plastic with notches for jump cups every 5cm. Affixes to a wooden post with screws. Interlocks with one or several additional holders to increase total height. Compatible with jump cup Ref. 704 600 005. Sold individually.

**130E704601005****13** Beige

## INSECT PROTECTION

Protect your horses from insects.

14.

15.

16.

### Insect killer IPX4 360°

This insect exterminator uses ultraviolet light, which attracts flying insects to the active area of the device. The UV tubes are protected by a plastic film that makes the glass more resistant. In the event of breakage, the glass does not fall out thanks to this protective film. An electrified grid is placed in front of the light tubes. If an insect comes into contact with this grid, it is immediately destroyed in a hygienic way. It falls into a collection cup. This exterminator is IPX4-certified. It is therefore splash-proof and rain-proof.

A real plus to protect you from insects! 360° opening for a better insect attraction zone, meaning insects will be attracted over a wider area. The 360° attraction power of this exterminator is a real advantage! The exterminator is environmentally friendly, using no harmful products.

**For indoor or outdoor use.** Suitable for the home, a restaurant, a farm, a stable or even a large terrace. Has a hanging device.

**129507016**

14 16W exterminator - 100m²

**129507030**

15 30W exterminator - 120m²

**129507040**

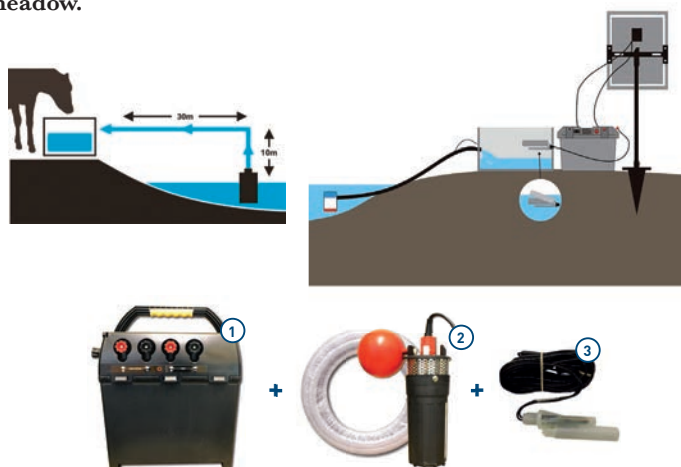

16 40W exterminator - 140m²

## MEADOW PUMP

All you need to get drinking water to your horses in the meadow.

17.

### Water pump kit with solar panel 60W

The complete meadow pump kit allows you to supply water to your pasture tank, avoiding water contamination by animal excrement but also stopping erosion of river and stream banks by cattle. An easy, reliable and autonomous way to provide water to livestock when watercourses are fenced off. This maintains water quality at a high level and preserves the healthy growth of local flora and fauna. **The complete meadow pump kit includes:**

- 1 control box with compartment for 12V battery
- 30m hose with submersible pump
- 1 float switch
- 60W solar panel included

The solar panel provides constant autonomy for this meadow pump kit. The polypropylene battery compartment is very weather-resistant and can hold a 12V/85Ah battery (not included). For optimal operation of your meadow pump, we recommend the use of an 85Ah battery. Farmers increasingly need to keep their livestock away from waterways. The European Water Framework Directive (WFD) establishes a framework for the protection of inland waters, transitional waters (estuaries), coastal waters and groundwater. River fencing provides protection against bank erosion. The water requirements of animals can vary considerably and are influenced by temperature, humidity and type of feed, among other things. The majority of grazing animals are herd animals and want to drink together, so the size of the drinking trough should allow for this. By increasing the height, the pumping capacity is reduced.

At a height of 10m the pump is running at about 65% of its maximum performance. The charging times with solar energy vary according to the weather conditions. Keep in mind that in summer the water needs of the animals increase. The water requirements are indicative. Make sure you follow the instructions for use.

Supply based on 4 hours of operation per day at a depth of 2 metres, using an 85Ah battery and a 60W solar panel **in summer conditions.**

Product reference		Horses						
Approximate water requirement		50L						
Head of cattle per pump		Up to 25						
Depth (in metres)		0	1	2	3	4	5	10
Output (in litres per hour)		320	305	300	285	275	265	210

## ENERGIZERS - BATTERY-POWERED

*Ranger® energizers are smart, high-power fence energizers. The Horizont smart energy saving system automatically adapts the output power to the state of the fence, reducing electricity consumption. The energy saved in each impulse can be used for the next impulse, if necessary. Ranger® B range fence energizers are designed for multiple uses. Even on dry soil, they work safely and reliably and can be powered using solar energy.*

### Lightning insulator with spring

Lightning insulator. When the fencing is struck by lightning, it directs the voltage surge generated to the earth and keeps the energizer safe. Your energizer warranty will not be applicable if the energizer has been struck by lightning. Lightning conductors are indispensable to protect your fences.
